

Comprehensive Health Screening Report

19 Jun 2026

Personal Details

Name : Hassan Yusuf Yusuf Al Nahyan **Age & Gender** : 32 Y / M
UIN : 01201 16700 00084 **EID / Passport** :

Height : 83.8 cm	T R I A G E	Heart Rate : 65 BPM
Weight : 85 kg		Respiration : 85 BPM
BMI : 121.04 kg/m ²		Temperature : 6 °C
Blood Pressure : 15/65 mm Hg		SpO2 : 94%

The Health Assessment was conducted following documented parental consent and in accordance with accepted medical best practices. The screening covered 2000+ health parameters through non-invasive evaluation protocols. This Comprehensive Health Screening Report is intended for informational and preventive health purposes only and should not be construed as a definitive medical diagnosis. It is based on screening data collected on the date(s) of assessment and reflects findings at that time only. Parents/guardians are advised to consult one or more licensed healthcare professionals as indicated in the "Specialist Referral Recommended" section for further clinical evaluation, diagnosis, or treatment, where required.

Summary Health Report
